

Adaptive™ is an integral ADA solution for architectural resin panels, select 2/90 wood grains, direct print patterns or customer-supplied artwork, and painted finishes. Our standard offering for this line includes seven shapes and nine sizes.

### SHAPES (7 Standard)

Shapes and sizes were selected to maximize yield of materials, preventing waste and reducing costs. All shapes are priced the same.

### MATERIALS & FINISHES (5 Types)

	DESIGNERS	TIMBERS	DIRECT	JEWEL	PRISM
THICKNESS	1/8" & 1/4" *	1/8"	1/8" & 1/4"	1/8" & 1/4"	1/8" & 1/4"
FINISH	Encapsulated	Laminate	1st Surface	Sub-Surface	1st Surface
COPY COLORS	80 Standard	80 Standard	80 Standard	80 Standard	80 Standard
STANDARD MOUNT	Transparent VHB Tape	Transparent VHB Tape	Transparent VHB Tape	Transparent VHB Tape	Transparent VHB Tape
MAXIMUM SIZE	18.5" x 23.5"	18.5" x 23.5"	18.5" x 24.5"	18.5" x 24.5"	18.5" x 24.5"

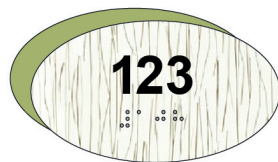

Designer Thatch Lite (352) and Bamboo Rings (351) are available in 1/4" only.  
All material contains 40% recycled content and are processed with 100% biodegradable effluent.

### OPTIONS

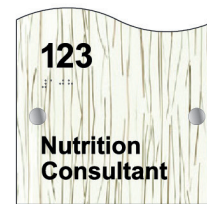

Combine options to Adaptive™ to meet the needs of your environment. Window inserts with paper are available on selected sign types. Window insert size is 1½" high by the width of the sign. Choose a decorative backer plaque in any standard 2/90 finish including first or sub-surface paint and metal or wood laminates. Backer shapes for Oval, Quad and Radius are off-set; Curve, Diagonal and Wave shapes are reverse; and the Arch backer is inverted to the Adaptive™ plaque. Backer plaques are available in 1/8" and 1/4" thicknesses. Alternative mounts are available including a 5/8" round, polished aluminum stand-off or mechanical fasteners in a spanner or star design.
