

STEP 1 - SELECT SIGN TYPE

Choose from eight standard versions: four hallway signs and four bedside signs. If using VitalSign™ to identify rooms, hallway signs with ADA graphics are required.

SIGN TYPE VB.3 10" X 11"
4-Single Alerts, Direct Print, Dry Erase & Marker Holder

ALERT MESSAGES

POSITION	ICON CODE	ICON COLOR CODE	BACKGROUND COLOR CODE
1	I.11	708 WHITE	757 BRIGHT BLUE
2	I.15	708 WHITE	725 ORANGE
3	I.07	708 WHITE	735 RED
4	I.04	708 WHITE	715 YELLOW

STEP 2 - SELECT ALERT MESSAGES

Then specify the patient care icon code, icon color code, and background color code for each position. Reference the 2/90 VitalSign™ Icon Spec Sheet for standard patient care icons and see the 2/90 Color Chart for icon and background colors. Custom colors are available at no additional charge. Custom icons are available with a nominal set-up fee.

STEP 3 - SELECT OPTIONS

Reference the VitalSign™ Spec Guide for standard options available for each sign type. Use the code in parentheses to select each option. Reference 2/90 Color Chart for sign and copy color.

TOP INSERT	LARGE INSERT	FOOTER INSERT	ACCESSORY BAR
Tactile (ADA)*	Laser Print (LP)	Emoticon (EM)	Marker Holder (MH)
Direct Print (DP)*	Dry Erase (DE)	Dry Erase (DE)	SmartStrip (SS)
Laser Print (LP)		Direct Print (DP)*	
Dry Erase (DE)		Laser Print (LP)	

* If applicable - specify insert color and copy options.
Dry Erase and Laser Print inserts are blank.

STEP 4 - SELECT END CAP COLOR

Standard end cap style and color for VitalSign™ is Slimline and Satin Anodized Aluminum S-101. Other 2/90 standard colors are available. Fee applies for color-match option.

STEP 5 - SELECT MOUNT

Default mount is screw (D-Mount).
Tape (A-Mount) reinforced with silicone adhesive is available for select sizes.
For glass application, black vinyl backers are available for an additional fee.
