

SOCIAL DISTANCING product offering

We're in this together. 2/90 Sign Systems is ready to help.

2/90 Sign Systems has been providing wayfinding solutions for over 40 years. Our sign systems respond quickly and clearly when change happens. In addition to changeable signage, 2/90 also offers a series of products to help promote safety. These products include seat barriers and floor decals for social distancing, window signs to hold custom paper messages, and protective barriers to prevent the spread of germs.

RESERVED™ Seat Barriers

Proximity seating a problem? RESERVED Seat Barrier is a better solution than paper messages to ensure the safety of those in your care. Strategically place seat barriers creating a visual and physical barricade to eliminate close seating in public. RESERVED installs easily with an adjustable hook and loop strap.

STEP ON IT™ Floor Decals

Promote healthy social distancing with strategically placed floor decals available in a variety of sizes and shapes for carpet, hard floors, and outdoor applications. 2/90 Sign Systems introduces Step On It™ Floor Decals to help everyone navigate safely through your interior and exterior space.

MESSAGES™ Window Signs

2/90 Sign Systems' Messages™ Window Signs provide communication where it matters most. The right message, in the right location, at the right time makes all the difference to ensure everyone has the information they need. Signs ship with complementary paper message or print your own.

GESUNDHEIT™ Protective Barriers

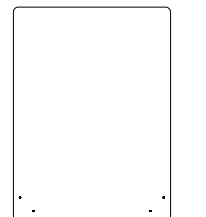

In Germany, it is polite to say "gesundheit" after someone sneezes, which means "health". 2/90 Sign Systems introduces Gesundheit™ Protective Barriers to help stop the spread of germs and promote good health.
