

# DIGITAL

## A SMART SIGNAGE SOLUTION.

**DIGITAL signage is the smart solution when information needs to change continuously.** At 2/90 Sign Systems, we are excited to present our comprehensive lineup of digital signage solutions designed to complement our modular sign systems. Digital signage is more than just an enhancement; it's a dynamic tool for engaging staff and visitors. From user-friendly interactive directories that guide individuals through your facility, to impactful digital messaging that reinforces your brand identity, our digital signage offers an innovative way to convey critical information and set your facility apart.

Stay Prepared with Safety Messaging Incorporate digital signage into your emergency preparedness plans. Pre-programmed messages, alerts, and evacuation maps ensure safety procedures are communicated effectively during critical times.

## // DIGITAL WAYFINDING SIGNAGE

### ELEVATE YOUR WAYFINDING EXPERIENCE.

Enhance your facility's wayfinding strategy with our comprehensive digital solutions. We offer thoughtful planning, creative design, reliable hardware, elegant framing, and ongoing technical support. Integrating digital messaging into your signage improves navigation and leaves a lasting impression on visitors.

### OUR DIVERSE DIGITAL SIGNAGE PRODUCTS INCLUDE:

- **Interactive Wayfinding Directories:** Assist individuals in navigating effortlessly with intuitive touch screens. Users can search by name, department, or room number, ensuring quick navigation while discreetly directing them away from sensitive areas.
- **Dynamic Digital Bulletin Boards:** Streamline communications with unlimited display space for messages. With features like scrolling text, animations, and videos, you can update content in real time system-wide, saving staff time and reducing clutter.
- **Efficient Meeting Room Displays:** Manage room schedules and display key information easily. Content management and scheduling software allows updates to meeting times, topics, and announcements from one place. When rooms are vacant, showcase motivational quotes, news updates, or emergency procedures to keep everyone informed.

Whether your goal is to improve navigation, share essential information, or enhance identification, 2/90 Digital Signage ensures that your staff and visitors receive the information they need efficiently while creating a lasting impression of your facility. Discover the impact of digital signage by calling our Sales Department at 800.777.4310 to transform the way you communicate!
