

# EXTERIOR

**MAKE A POSITIVE FIRST IMPRESSION.**

**EXTERIOR** signs represent your organization to customers, employees, and community members - new and old. At 2/90, we specialize in creating memorable first impressions with a wide range of exterior signage solutions tailored to your needs. Whether you require eye-catching free-standing or mounted signs, versatile post and panel options, illuminated or non-illuminated designs, dimensional letters, or dynamic electronic messaging, we have everything you need to effectively communicate your message and create a lasting impression.

Our signs are fabricated with aluminum components and state-of-the-art paint technology to provide excellent durability in all weather conditions so your investment performs beautifully over time.

## // EXTERIOR WAYFINDING SIGNAGE

### MAIN IDENTIFICATION

Showcase your organization's name and logo with our wide range of designs, including options for electronic messaging. Our trained professionals assist with every aspect, from planning and design to manufacturing and installation.

### POST AND PANEL

Create a cohesive navigational system with our post and panel signs, available in four distinct styles. These signs guide visitors easily and can include changeable copy panels and illumination for enhanced visibility.

### WALL MOUNT

Elevate your visibility with wall-mounted signs that provide a powerful way to identify your location. Installed above street level, these signs are an effective alternative to ground-mounted options, attracting attention in busy environments.

### DIMENSIONAL LETTERS

Make a bold statement with customizable dimensional letters directly installed on your building's façade. Available in various sizes, thicknesses, and materials, including illuminated options, these letters are perfect for enhancing your main identification.
