

# INSTALLATION

## SERVICES

### **OUR EXPERT INSTALLERS ENSURE YOUR SIGNAGE IS PERFECTLY INSTALLED.**

You've chosen the perfect signage to complement your facility. Now, make the most of the professional design, planning, and craftsmanship. Regardless of the size or complexity of your installation, rely on our factory-trained and certified personnel to provide complete turnkey services to save you time and protect your investment for many years to come.

## // INSTALLATION

**2/90's turnkey wayfinding solutions include project management, planning and design, fabrication, installation, and maintenance programs.**

### **OUT WITH THE OLD, IN WITH THE NEW.**

Rely on 2/90's Installation Team to prepare the way for your new sign system. Our interior demolition services include sign removal, wall patching, and painting. We also provide exterior sign removal services, including removing old signage (illuminated and non-illuminated), backfilling excavated areas, and hauling signs away for recycling whenever possible. In addition, our turnkey installation services also include main identification, branding, and wayfinding signage installations from light construction projects to swing stage skyline logo placement. If it relates to signage, we can make it happen.

### **LET US HELP MAINTAIN YOUR SIGNS.**

With innovative services like SmartCare+, it's easier than ever to protect your wayfinding investment. A SmartCare+ Maintenance Manual of your sign standards and planning documentation helps record maintenance issues efficiently and effectively. Our regularly scheduled on-site visits ensure your signage is adequate and up-to-date. We will inspect signs for damage, out-of-date messaging, and effectiveness and provide a written report and quote of our findings. Our quick-ship program makes reordering simple and fast.

### **FOR A PERFECT INSTALLATION.**
